

NHTT Transport Group Meeting

01 February 2010 Giffordtown Hall

Present: Louise Barron, Clare Hamilton Sturdy, Crispin Hayes, Hamid Van Koten, John Rae

Chair: Crispin Hayes

Minutes: Louise Barron

Progress of Path Development Project

Crispin provided an update on the Landowner Consultation Situation Report, pathway 183 through to 203, 207, 209, 352 (Letham to Fernie)

Path funding- we need to have more certainty before making any further applications

We will possibly need some further development funding for another days work to continue with follow up.

We need to have a project manager, admin work and insurance built into any bid.

Core paths should be adopted this year and there was a discussion around legality of this.

The Consultation report is a confidential document but we should have a paragraph in the newsletter and bulletin. **AP-Crispin to draft paragraph to let people know that work is being done.**

Other projects

- **Tripshare- £2k in total in budget.** Crispin provided an overview of projects. We said that we were going to put up signs to promote Tripshare. Clare has approached Bear about putting up signs and bike lockers. 3 attempts and no feedback at present. Having to be done via email. Should we just get the signs made up and then get permission but would not need permission if not on trunk road boundary. How far is that? It has got to be on the verge. Clare to come up with the drafts. **AP Clare draft signs and letter to BEAR. Next 2 weeks**
- **Bike Parking and Boxes-** Overview provided again. It was established that we need to the survey results to find out where people are going? We are looking for nodal points. **AP -Louise to provide Crispin and Clare relevant info from the survey**
Possibility of calling it 'park and choose' was suggested. **AP Clare to order 4 bike bins.**
AP Hamid to take to community council- need to say that we have consultation data that says that people want it. They will need to be consulted when locating

the bike parking but we need to do a piece of work to establish this. E.g. in Letham should it go on trunk road or at village hall.

- **Trip Stop- carry forward to further meeting. AP Crispin to look into this**

Next meeting 22 Feb 7.30 pm Letham Village Hall
